The War Crisis.

The latest information is that the
report of the examining committee
on the Maine disaster, will not reach
the president this week. It is thought
the report will have no information
of value, some of the divers claiming
that the destruction of the vessel was
caused by the explosion inside, others
saying the disaster was from a torpedo
in the harbor.

In the meantime our government
has appropriated forty millions additional
to the fifty millions, for coast
defense.

Spain is buying war vessels, the
latest an Italian war ship, Girabada,
for three million. The Spanish agents
are also buying war material in New
York city and elsewhere. It is
claimed that the Standard Oil Co. is
furnishing Spain with money. It is
also charged that Spain has employed
the Pinkertons. In the meantime
our government is operating its man-
ufactories of war material, day and
night, and taking enlistments at every
barracks in the country.

The situation is about this, a fight
is wanted. The American people and
the Spanish people want to fight.
Neither government wants war. The
men who will do the best fighting are
not anxious to engage in a death
struggle.

We have faith and confidence in
our President in this emergency. If
it is to be war, when the president
says so, it will be the most bloody of
modern times. It will be America
against Europe. If the president
says Peace, so be it.

School Closes

District No. 7, Washington Tp.
had a very bright and entertaining
closing exercise Friday last at Olive
Branch school house, Miss Anette
Higgins of Ohio University Athens,
as teacher. She has made a reputa-
tion in this county as a successful
teacher, especially in reading and
voice drill. The little folks spoke
well and the teacher rendered two
pieces to the delight of the audience.
Although the day was unpleasant with
rain and mud, yet a goodly number
of patrons and visitors had a real
treat and a dinner such as Olive
Branch delights to lay out. Every
body voted it a success. Granger.

We may be a little slow with our

Spring Announcement!

But we wanted to get all the Latest Styles, the Up-to-date goods, and all the pretty
things the markets offered and

Here We Are, and we have got the goods too.

Nobody has ever had anything so good but somebody has had better, perhaps only in
their own estimation, but be that as it may. When the little girl was trying to tell her
mother about the big stock of Spring Goods that STIERS & COMPANY had, her mother
asked her "What have they got?" "Well" said the little one, "they have got—they have
got—well they have just got everything." And she was very nearly right.

Dress Goods

For 25 Cents.

36 and 38 inch Wool Suitings, 10
styles, Spring Weight, firmly made
and fairly worth 40c.

For 29 Cents.

38 and 40 inch Wool Checks, Mix-
tures and Plaids, some wonderful
Dress Goods that look very much like
higher priced stuff and are usually
sold at 50c.

The elegance of the better class of Dress Goods in our se-
lections this spring has already been proven by the delighted
eyes of some people in our community.

The unusual prettiness and worthiness of the lower priced
stuff is just as apparent. In judging, look at these and you
will say—"why they were priced much higher to me else-
where." Stiers and Company have the name of keeping a
large line of first class goods, and we think in looking over
our Spring Stock that we are living up to our reputation.
But that is for the people to say.

Then at 39, 50, 60 and 75c are fine Cheviots, Coverts and
fancy weaves in handsome styles and colorings that might
fairly be classed with higher priced goods. But then we
still have better goods than those, at 80, 85, 90, \$1.00,
\$1.25, \$1.35 and \$1.50 per yard.

SILKS AND SATINS

100 Styles for Waists, Skirts and Suits, never before was such a line
displayed in this community. This is the verdict of a cultured and ob-
serving lady who was in our store the other day "and the prices are so reasonable too" she added.

Pretty Shirt Waists

But pretty does not convey all the meaning. It looks as though we might have all the
Shirt Waists made this spring, at least all the new ideas in shirt waists, but we haven't
got them all; dozens were passed when we made our best selections. Others may sell
them, but for worth and prettiness we think we appropriate the sweet-meats, in other
words "take the cake." 25, 39, 50, 75c. \$1.00, \$1.20.

We will have something to say about Wash Goods later on when the
weather gets warmer.

In Cambric, Nainsook, and Swiss, with Inserting to match.
Beautiful Laces in the different match widths, and some with inserting on
wash net, Silk net and Chiffon, also the new all-overs, and pretty Chiffon
white and colored figures new and pretty. An elegant line of the popular
Val Laces in the low prices as well as the better goods.

Dainty Embroideries

HOSIERY

Of course we have everything in this line for everybody.
But we would especially mention a 40 Gauge Real Lisle
thread Hose at 25 cents while they last, real value 50c.

New Ties, Bows, Collars and Cuffs!

And here is something of special interest to those whose time for sewing is limited: Sheets and Pillow Cases
made of Choicest Muslin, 9-4 Brown Sheets 81 by 70 inches 46c. 9-4 Bleached sheets 81 by 70 inches 49c.
9-4 Bleached Hemstitched.....43c. Bleached Hemstitched Pillow Cases 45 by 36 18c.
Good Quality 9-4 Unbleached Sheeting.....10c. " " 50 by 36 20c.
Also 9-4 Standard Sheeting of different makes in Unbleached and half Bleached.
A great many people have been asking for half Bleached sheeting, we have it in now.
Black Satin Skirts, 3 Ruffles, full width 90c.
Black Satin Skirts Heavy corded...\$1.35.
Fancy Moire Stripes colors, deep ruffles \$1.25

Belts and Belts

25 Different styles and colors.
It is wonderful what varieties
are on sale this spring.

Lace Curtains

Special Values at 70c, \$1.06, \$1.45 per pair.
Better ones at \$2.00, \$2.60, \$4.00, and \$5.00 per pair.
Plain white Swiss ruffled Curtains \$1.50 per pair.
And striped dotted Swiss at \$1.75.

Carpets and Mattings.

Many new patterns this season. While manufacturers are asking a 20 per cent
advance, while in the market we were enabled to purchase some goods at LESS
than Former Prices and for a limited time will give the trade the advantage and a
court inspection of our Carpet and Matting Department.

When your stomach begins to
trouble you, it needs help. The
help it needs, is to digest your food,
and, until it gets it you won't have
any peace. Stomach trouble is very
distressing, very obstinate, very
dangerous. Many of the most dan-
gerous diseases begin with simple
indigestion (not-digestion, not nour-
ishment) weakens the system and
allows disease germs to attack it.
The antidote is Shaker Digestive
Cordial, strengthening, nourishing
curative. It cures indigestion and
renews strength and health. It does
this by strengthening the stomach,
by helping it to digest your food.
It nourishes you. Shaker Digestive
Cordial is made of pure herbs,
plants and wine, is perfectly harm-
less and will certainly cure all genu-
ine stomach trouble. Sold by
druggists, price 10 cents to \$1.00 per
